GENERAL INFORMATION

Mission Statement

National Latino Education Institute advances our community's economic independence through market and results driven education, training, employment and advocacy.

Service Philosophy

The services of National Latino Education Institute are designed for adults who need to improve their basic education skills and gain competency in vocational skills and technology. The programs and courses aim at preparing adults for lifelong learning and successful entry into promising careers in growth industries.

Purpose and Objectives

National Latino Education Institute (NLEI) approaches training and provision of services within a traditional human resource development model. Programs and services are adapted to language and cultural needs of our primarily Latino students and job seekers. We make every effort to provide supportive services that enable an individual to acquire knowledge and skills that last a lifetime. NLEI assists people in their quest for economic independence. The staff at NLEI is committed to making a difference, and they endeavor to provide a high-quality training environment. The training center emulates the workplace, and its structure encourages the learning of traditional employee skills and employer-preferred work ethics.

We know that employment is integral to a better quality of life. Therefore, we strive to provide rigorous vocational training and employment programs and add vocational skill building to our adult education classes. NLEI assists employers in their search for skilled and motivated employees to enhance the productivity, quality, and diversity of an employer's workforce.

NLEI administration is committed to the growth and development of its staff and programs. It strives to provide excellent working conditions and to maintain facilities that meet the needs of staff and community and to further the organization's goals.

History

During the late 1960s a collection of aggressive grass- roots agencies came together to advocate for Latinos. These agencies were rooted in “War on Poverty” issues. In a relatively short time, two principal roles emerged: to combat discrimination against Latinos and to advance the issue of affirmative action. To give unity to these various agencies, the name Spanish Coalition for Jobs (SCJ) was adopted as an indicator of what was the motivating purpose of these agencies.

The Coalition worked aggressively to achieve employment opportunities for Latinos. One early success was with Illinois Bell (now AT&T). Illinois Bell was one of many private and public corporations that worked with SCJ to ensure Latinos received a fair advantage in obtaining not just jobs, but jobs that paid well. In 1972, Illinois Bell and the Coalition completed negotiations regarding employment opportunities for Latinos. Before the mutual agreement could be signed, it was necessary that SCJ incorporate as a 501(c)(3) organization. That was done and the agreement was signed.

Early Years

Soon after, the leadership of the newly incorporated coalition realized that being an advocate was not enough. It would be necessary for SCJ to offer educational, employment, and training programs if Latinos were to be equipped with the skills that would prepare them for higher-paying jobs. Latinos, with a reputation for being productive “blue collar” workers, would need education and training opportunities. Such opportunities would be required to enhance social and economic advances as a way to ensure inclusion of Latinos in white collar and management positions in Chicago’s businesses and industries.

In 1974-1975, SCJ secured Comprehensive Employment and Training Act (CETA) contracts to fund its early training endeavors. Recruiting and employment efforts expanded to meet corporate needs. Local and state grants provided funds for SCJ’s first Classroom Training (CRT) programs and Public Service Employment (PSE) program. Participants in this work experience program received training in a variety of jobs while comprising SCJ’s first quasi staff.

SCJ was awarded a contract in 1976 to monitor affirmative action requirements in construction contracts for the building of Benito Juarez High School.

The evolution from pure advocacy to that of a training organization required SCJ to acquire appropriate accommodations. In 1978 a 5,000-sq. ft. facility was acquired in the Pilsen neighborhood at 1737 West 18th Street. Training programs for clerk-typists, accounting clerks, and bricklayers were initiated. Also, in 1978 SCJ received support and contributions from the Joyce Foundation and the Chicago Community Trust. These foundation funds allowed the organization to diversify and strengthen its financial base.

Spanish Coalition for Jobs was rated as one of the best performing agencies with 100% placement in its clerk-typist program and 85-90% placement in its public service employment programs. In recognition of its record as one of the most successful and exemplary programs in the nation, the results of SCJ’s CETA efforts were presented in Washington, DC, and written into the Congressional Record. Demand for SCJ’s employment and training programs grew tremendously.

Expansion

With SCJ’s continued growth and solid reputation as a premier training organization for Latinos, it was necessary to acquire a larger building to meet the increase in staff and participant enrollment. In 1984 SCJ embarked on a capital campaign to purchase the 35,000-sq. ft. Epstein Architectural facility which allowed for a more suitable and pleasant space. This new facility, coupled with the Pilsen Center, allowed SCJ to forge ahead with its mission.

In July of 1999, SCJ began investigating the potential expansion of its training offerings into the medical field. Repeating its past successful experience of relying on industry experts to guide the development of a new program offering, SCJ formed a consortium of hospital and medical center representatives to offer input into areas for future training.

Name Change

As of 2008, Spanish Coalition for Jobs, Inc. has evolved into more than an employment/workforce provider in the community. Over the years its role has shifted to that of an educational institute. In essence Spanish Coalition for Jobs has been educating the future Latino workforce and it needs to have that identity. As a consequence, SCJ changed its name to National Latino Education Institute (NLEI) in April 2008. The objective of the new name, National Latino Education Institute (NLEI), is to capture the element of education and incorporate the key market Spanish Coalition for Jobs serves... Latinos.

Results

NLEI has trained and placed thousands of people in productive employment. It is not unusual to have many family members, neighbors, and friends of NLEI alumni enroll in NLEI programs. The most effective marketing tool is “word of mouth” NLEI success stories. Many individuals who previously were low—and moderate—income participants now enjoy new careers, increased purchasing power, home ownership, and improved self-esteem. This is indeed a great return on “human capital investments” and a great asset to our communities and society.

The specific goal of the vocational training programs is to prepare applicants for employment or to enhance their employability.

NLEI awards a certificate upon graduation from a program. Adult Education students incur no out of pocket expenses as the cost of the program is covered by a grant from the Illinois Community College Board, and other funders.

Academic Advising

Academic advising complements academic instruction. The primary purpose of academic advising is to help students review their academic progress, inform them of the variety of student support services and extracurricular educational opportunities available to them, encourage them to remain focused on their original goal, and to explore the implications and consequences of their choices.

Career Planning and Job Search Assistance

Job placement is an important service for participants in all NLEI programs. Job placement services are provided to all students enrolled in NLEI programs. For students enrolled in vocational training programs, job readiness activities are part of the training components. Students work with instructors, Education Department Staff, and the Employment Services Department to prepare them for their job search by assisting in the development of Employment Portfolios (resumes, thank you letters, and references sheet, etc.). Business Professionals also work with students by providing workshops, mock interviews, company tours, and by sponsoring short-term internships and externships or one-day job shadowing.

Job fairs, recruitment and other pre-employment activities are periodically held at NLEI so that students can meet prospective employers to practice job search skills learned during training. Many employers participate and their company sizes range from small to very large. Participating businesses represent a variety of industries and geographic locations. NLEI offers placement assistance as part of its holistic approach. NLEI cannot guarantee employment, but NLEI is committed to making every effort to assist students obtain employment.

Background Checks

Prospective employers may require drug testing and background checks, including criminal background checks. A criminal conviction may prevent the student from being accepted at an externship site or gaining employment. Additionally, some states have laws that prohibit persons with certain criminal convictions (including misdemeanors) from working in certain career fields.

Student Complaint/Grievance Procedure

NLEI encourages all students to provide the institution with feedback on the quality of its programs, services, and staff. Every reasonable effort shall be made to resolve any problems and disputes in a fair and impartial manner. All students have the right to a fair hearing, and every reasonable effort shall be made to avoid suspension and dismissal through facilitating meetings with all parties involved. In the event that a student is dissatisfied and/or wishes to raise a grievance, he/she may do so by bringing the issue to the attention of the Instructor within two (2) business days of its occurrence. NLEI will attempt to informally resolve the grievance.

If after meeting with instructors and/or other appropriate personnel, a student is not satisfied with the outcome of the meetings, the student may request in writing a meeting with the Program Director within two (2) business days to present his/her grievance. The Program Director shall come to a decision on the matter within four (4) working days from the receipt of the appealed grievance.

If after meeting with the Program Director and/or other appropriate personnel, a student is not satisfied with the outcome of the meetings, the student may request in writing a meeting with the Executive Director within two (2) business days to present his/her grievance. Once NLEI staff and the student have identified the courses to be considered for transfer of credit, the student may be given a core competency exam to assess the relationship between the course(s) previously taken by the student and the content of NLEI course curriculum. In the event the student's core competency results are closely matched to the content of NLEI's curriculum, the student will be given credit for the course(s).
3. When a student is awarded transfer of credit, he or she will not be required to attend any classes for the course or do any course-related work. The transfer of credit will not be part of the student's GPA at NLEI.
4. NLEI vocational programs are short and intense in duration and very specific in the skills requirements. Graduation from NLEI programs is based on demonstration of knowledge and ability in specific skill sets. Students will not be assessed any tuition (or fees, as applicable) for courses for which they were awarded credit. **Important:** students should be aware that eligibility for participation in financial aid programs might be affected by the number of hours taken at NLEI.

Transfer of NLEI Credits to Other Colleges

NLEI students are advised to consult the institution of higher learning to which they may seek to transfer course credits regarding the transferability of any earned course credits to said institution; course credits are not likely to transfer to another institution. At this time NLEI has not established an articulation agreement with any other schools.

Advanced Placement

At present, advanced placement for incoming students is not available at NLEI.

Experiential Learning

NLEI does not award credit based solely on the experiential learning of incoming students.

Cancellation Policy

A student has the right to cancel his/her decision to enroll until midnight of the fifth business day after the student has been admitted. When notice of cancellation is given before midnight of the fifth business day after the date of enrollment but prior to the first day of class, all monies paid to date shall be refunded to the student. When notice of cancellation is given after midnight of the fifth business day following acceptance but prior to the close of business on the student's first day of class attendance, NLEI shall retain \$100.

If the right to cancel is not given to any prospective student at the time the agreement is signed, then the student has the right to cancel the agreement at any time and receive a refund on all monies paid to date within 10 days of cancellation. A student, who on personal initiative and without solicitation enrolls, starts, and completes a course of instruction before midnight of the fifth business day after the enrollment agreement is signed, is not subject to the cancellation provisions of this section. Cancellation must be submitted to the authorized official of the school in writing.

Student Classification

Full-Time Students

A student who is enrolled for 12 or more credit hours per academic session is considered a full-time student and is considered to be carrying a normal academic load.

Part-Time Credit Hour Students

Students enrolled for fewer than 12 credit hours per academic session are considered part-time credit hour students.

Special Students

Special students are defined as the following during their first 90 days of enrollment:

1. Students taking courses only for personal enrichment or advancement
2. Students taking only a few courses in fields of special interest

Special students are not eligible for financial assistance and must pay for classes prior to the start of the term/payment period.

Student Classification Schedule

Students are classified according to the following minimum schedule:

Credit Hours Scheduled:

Minimum Full Time Schedule- (12 Credit Hours)

Financial Aid - Full Allowance (12 Credit Hours)

Financial Aid - 3/4 Allowance (9 Credit Hours)

ACADEMIC INFORMATION

Definition of Academic Year

Credit-Hour Programs:

National Latino Education Institute's standard academic year is 36 credit hours and completion of at least 33 weeks. Full-time, regular students typically complete a minimum of 36 credit hours and at least 33 weeks per academic year.

Definition of Quarter Credit

NLEI defines a quarter credit in accordance with the Carnegie rule. A quarter credit is awarded for every 10 hours of lecture, 20 hours of lab, and 30 hours of extern instruction. A minimum of 2 hours of homework is assigned for every hour of lecture.

Definition of Clock Hour

Typically, a clock hour consists of no more than 60 minutes but at least 50 minutes of class. Classes meet from two to eight times each week and vary in length from 5/6 weeks to 12 weeks.

Definition of Payment Period

The definition of a payment period is one 12-week term.

Maximum Number of Students

The maximum number of students in a typical classroom or laboratory/shop settings of instruction is 20.

Program Length

Using the usual full-time student load of 12 credits per term/payment period, typical program length or time to completion for a certificate program (usual credit requirement = 36 to 60) are typically completed in 3 to 5 terms or 33 to 55 weeks.

The training programs and workshops require varied lengths for completion. See each training course or workshop for more details.

Academic Load

All students at NLEI must be in full-time attendance unless they have approval from their Program Director to take less than a full load. A full-time student at NLEI is one who is enrolled in courses totaling at least 12 credit hours per term. Students who have permission to take less than a full load must understand that any financial aid previously awarded may be reduced.

Academic Scheduling

All class scheduling is administered by the Chief Academic Director and/or Program Directors prior to the beginning of each term/payment period. Scheduled classes (day or night) may change from term to term or from payment period to payment period as required by the Chief Academic Director /or Program Directors. NLEI reserves the right to cancel a class or classes in the event there is insufficient enrollment. In such instances, the student will be entitled to a 100 percent refund of all tuition for the cancelled classes.

Industry Councils

Allied Health Advisory Committee

The NLEI Allied Health Advisory Committee was created to share ideas regarding emerging trends, needs of community constituents, policies and procedures in the healthcare field and to review any demographic changes that may arise. This advisory committee will strive to not only meet the needs of the community but to meet the ever-changing demands of the healthcare industry. Ultimately, the NLEI Allied Health Advisory Committee assists NLEI Allied Health programs and personnel

in making their programs effective and efficient according to the needs of the community. Its membership includes medical professionals in the healthcare industry, including medical centers, hospitals and educational institutions, as well as, NLEI students, graduates, faculty, staff, and a member from a non-healthcare provider.

Business Leadership Council

The NLEI Business Leadership Council (BLC) is comprised of professionals representing top Chicago corporations in various fields involving but not limited to banking, insurance and sales & service. The BLC meets on a bimonthly basis to discuss the status and needs of the rapidly changing labor market, review curriculum, and provide enhancements for programming in order to meet those needs. Moreover, they work with students by hosting career workshops, mock job interviews, and company tours, and by sponsoring on-site observation activities.

Externships

Eligible Bilingual Medical Assistant students will need to complete 160 clock hours in a health care facility which may take place at a medical office, physician's office, clinic or other related health care facility. BMA program students will not receive any remuneration for the externship experience.

Eligible Medical Office Specialist students will need to complete 80 clock hours in a health care facility which may take place at a hospital medical office, physician's office, clinic or other related health care facility. MOS program students will not receive any remuneration for the externship experience.

Drop/Add Procedures

The drop/add period begins on the first day of class day in a new term and ends after the second week of classes. Classes added after this time period must have approval of the Program Director. Adding or changing a course or transferring to another class or section during the drop/add period requires the approval of the designated College official and will be permitted only on a space-available basis.

When dropping a class, students must notify the Program Director in writing and apply for withdrawal on an official form when dropping a class. Students who find it impossible to complete a course after the official drop period expires should inform their Program Director and apply for withdrawal on an official form. Students who are attending classes may drop a course and receive a "WP" (Withdrawn Without Grade Penalty). The option of withdrawing with a grade of "WP" is not available after the ninth week of the 12-week quarter.

IMPORTANT NOTE: MERELY CEASING TO ATTEND CLASS DOES NOT CONSTITUTE OFFICIAL WITHDRAWAL.

Attendance/Make-up Policy

NLEI requires students to attend classes regularly and punctually. Students must sign an attendance sheet for each course. Attendance is a portion of the identified competencies for each course. Attendance is graded. Poor attendance may result in

failing a course. Excessive absences may result in probation, suspension, or dismissal from the program. In the event that a student has had an unexcused absence of more than fourteen (14) consecutive class days, NLEI shall consider the student to have withdrawn from the program.

Grade Appeal Policy

Final grades will be issued at the end of each term. In the absence of mistake, unfair treatment, or other extenuating circumstances, the determination of the student's grade by the instructor shall be final once filed. A student may appeal a final grade by following the established procedure:

1. The student must arrange a meeting with the instructor to address any questions or concerns regarding grades.
2. If the student is not satisfied after meeting with the instructor, the student may file a written grade appeal with the Program Director. A grade appeal must be submitted by the student within 30 days of the end of the last relevant term/course.
3. A grade appeal must state the specific grounds for challenging the grade based on an assertion of mistake, unfair treatment, or other extenuating circumstances. Appropriate documentation must be provided.
4. The decision of the Program Director is final.
5. Any other grade change request that does not comply with the above process will be denied.

Grading System and Quality Grade Points

Grading System and Quality Grade Points

Grade	Equivalent	Quality Points	Grade Scale %
A	Excellent	4.00	90-100
B	Good	3.00	80-89
C	Average	2.00	70-79
D	Below Average	1.0	60-69
E	Failing	0.00	59 or below
W or WP	Student –Initiated Withdrawal	0.00	
AW	Administrative Withdrawal	0.00	
I	Incomplete	0.00	
TR	Transfer Credit accepted	0.00	

Grading Criteria

A = Excellent: The student demonstrates an advanced knowledge of all the content and skills presented in the course.

B = Good: The student demonstrates knowledge of most of the content and skills presented in the course.

C = Average: The student demonstrates sufficient knowledge of the content and skills presented in the course.

D= Below Average: The student did not demonstrate sufficient knowledge of the content and skills presented in the course.

E = Failing: The quality and quantity of work presented by the student on course assignments in participation forums is unacceptable.

W = Withdrawal: Students will receive a grade of "W" if they officially withdraw from the course during the drop/add period, and a WP after the drop/add period but before the 9th week of the quarter, , regardless of whether they were determined to be passing or failing the course by the faculty member, at the time of withdrawal. A W grade has no effect on the student's academic GPA

AW = Administrative Withdrawal: Administrative withdrawal refers to a student course withdrawal, which is initiated by the NLEI for reasons such as: failure to participate, academic conduct issues, etc. Administrative Withdrawal, which occurs after a course has already started, will lead to a grade of AW entered on the student's academic record. The AW grade has no effect on the student's academic GPA.

I = Incomplete: Students receive a grade of "I" upon agreeing on an extension with their course instructor. Please, see the incomplete policy for more information. A grade of "I" is not entered into the GPA calculation or the student academic record, but the grade earned after the completion of the extension period is entered into both GPA calculation and the student academic record.

A passing grade for a course is a "C" or better; "E", "D", and "I" are considered to be non-passing grades for BMA, and MOS students. For all adult basic training students, a passing grade for a course is a "D" or better; "E" and "I" are considered to be non-passing grades for GED preparation and other adult basic skills training education students. This grading scale is listed on each student's official transcript along with the GPA (grade point average) of the student. Students must achieve a GPA of 2.0 to be eligible for graduation.

Incomplete Coursework and Grades

If a student reaches the end of a quarter and has not completed and submitted the required assignments and/or project(s) he/she will fail the course. However, incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of a quarter may result in an Incomplete being entered in the student's record.

To apply for an incomplete and extension, students must submit a written request to the instructor detailing the reasons why the coursework is not completed and an estimate of time it will take to complete the coursework. With the approval of the instructor, a student will have up to one additional quarter to amend the "Incomplete" grade. During the extension, a grade of "I" will be posted with the registrar by the instructor. When the outstanding assignment(s) or project(s) have been submitted to the instructor, the "I" will be replaced by a standard grade (scale above). If the student does not submit the work by the end of the extension period so that a new grade may be assigned by the faculty, the "Incomplete" grade will become a failing grade (E).

Incomplete extensions are not automatic or guaranteed - approval is up to the discretion of the course instructor.

Calculation of Grade Point Average

The grade point average (GPA) for each term/payment period and cumulative grade point average (CGPA) are calculated on courses taken at NLEI. The GPA for each term/payment period is calculated by dividing the quality points earned that term/payment period by the credits attempted that term/payment period. The CGPA is calculated by dividing the total cumulative quality points earned by the total cumulative credits attempted.

Standards of Satisfactory Academic Progress

Students must maintain satisfactory academic progress (SAP) in order to remain eligible to continue as regular students of the College and to retain eligibility for Federal Student Aid (FSA). A regular student is one who is enrolled for the purpose of receiving a certificate. SAP is determined by calculating the student's grade point average (GPA) and the student's rate of progression toward completion of the academic program. Please see the appropriate table below to determine specified

GPA and rate of progression requirements for each evaluation point. These standards apply to all students, not just those receiving FSA. All periods of a student's enrollment at NLEI are used in determining SAP (although only courses that count or would count toward the new program are used when a student changes programs). All certificate program students must have a minimum cumulative GPA (CGPA) of 2.0 in order to graduate from any program.

Students who are not achieving satisfactory academic progress will receive written notification. Notifications may consist of a warning, academic probation, or dismissal, and the notification will also include requirements and instructions to appeal.

MTF – Maximum Time Frame

The maximum time frame for successful completion of vocational training programs is based on the Accrediting Council for Independent Colleges and Schools' (ACICS) standard of satisfactory progress as stated in *Appendix D Standards of Satisfactory Progress of the Accreditation Criteria*. This standard states that there is "... a maximum time frame, not to exceed 150% of the normal program length, as defined by the institution, for all programs, in which the educational objective must be successfully completed."

The maximum time frame (MTF) is defined as 150 percent of the normal program length in credit hours in which the educational objective must be successfully completed. Program length is defined as the number of credit hours required to complete a program. To calculate the completion rate, we divide the total number of credits successfully completed by the student by the total number of credits attempted. A minimum completion rate of 68% is required for completion of the program within the 150% MTF.

Evaluation Schedule

Students are evaluated at the end of every 12-week quarter once final grades for the quarter have been Grades and progress reports are given at five- or six-week intervals depending on the program.

The following are minimum cumulative grade point averages and completion rate required for a student to be making satisfactory academic progress in their program for each evaluation point:

SATISFACTORY ACADEMIC PROGRESS CHART		
Quarter Completed	Minimum GPA	Minimum % for Completion Rate (# of total credits earned divided by total credits attempted)
1st	1.50	55%
2nd	1.75	60%
3rd and beyond	2.00	68%

Academic Warning

Students not meeting the minimum grade point average (GPA) or completion rate as described above will be notified and placed on warning for the remainder of the current quarter (i.e. if you are placed on academic warning for your quarter one performance, ten days after the quarter ends you will be placed on warning for the next quarter, quarter two). If a student fails to achieve satisfactory progress by the end of the quarter in which they are on Academic Warning, the student will be withdrawn from the program (unless the student files and is granted an appeal as defined below). If the student regains SAP by the end of the quarter, they will be notified and removed from Academic Warning.

Satisfactory Academic Progress Appeals, Probation, and Academic Plans

A student may appeal NLEI's determination of withdrawal due to failure to re-establish satisfactory progress by the end of the warning period to the Academic Dean based upon extenuating circumstances. These might include the death of a relative, an illness of or injury to the student or other extraordinary situations. The student's appeal must be received on or before the first Wednesday of the first week of the new quarter for the student to be eligible to register for the following quarter. If it is determined that a student should have been withdrawn at the end of the prior quarter for failure to maintain or regain SAP, he or she will not be charged for the new quarter.

The appeal must contain 1) an explanation of why the student failed to meet the SAP standards; and 2) a description of what has changed in the student's situation that will enable him or her to again meet the satisfactory progress standards. Supporting documentation should be submitted if possible.

The Director will review the information submitted in the context of the student's entire academic record and notify the student of his or her decision within 24 hours. This decision is final. If the appeal is granted, then the student will be placed on probation for the quarter, and the notice to the student will outline the requirements of the academic plan the student must follow. The terms of the academic plan must ensure the student will be able to complete the program within the maximum timeframe (1.5 times the program length) and with the required CGPA for graduation.

At the end of the probationary quarter, the student's progress will be evaluated based upon the academic plan. If the student is meeting the SAP standards, or he or she has met all of the terms of the academic plan, the student will be eligible to remain in school. In all subsequent quarters the student must again meet the SAP standards or the terms of the academic plan.

If the student fails to meet the terms of the academic plan at the end of the probationary quarter, the student will be terminated. Second appeals in this situation will only be granted at the discretion of the Director and based upon very exceptional circumstances.

Treatment of Transfer Credits

Students may request to transfer in credits from another accredited college following the Transfer Acceptance Policy. Any such courses which are accepted for transfer will be included in the credits attempted and the credits earned. Transfer credits are not included when calculating the CGPA

Treatment of Repeat Courses

Courses may be repeated for the purpose of establishing a GPA or CGPA and improving academic standing. Each attempt counts in the computation of successful completion percentages, but only the highest grade earned will be included in the computation of the GPA and CGPA.

Treatment of Incomplete Courses

Incomplete grades are assigned to those students who fail to complete any required course work by the end of the term and who obtain prior approval of their instructor. This grade is not included in the calculation of the CGPA but will count as hours attempted for the purpose of calculating the successful course completion percentage.

Treatment of Withdrawals

Courses assigned a W, WP, or AW are not included in the calculation of a student's grade point average, Students who withdraw from a course during the drop/add period receive a W and the course is not considered as credit hours attempted. For WP and AW grade assignments, the credit hours are considered attempted for the purpose of determining the course completion percentage.

Reinstatement as a Title IV Student

Students who have been dismissed due to failure to maintain the qualitative or quantitative minimums outlined above may apply to continue their studies at the College in an Extended Enrollment Status. During this time, the student is not eligible to receive FSA and must attempt to improve the deficient areas that led to the dismissal. The student will be responsible for all costs incurred while in Extended Enrollment Status. At the completion of this term/payment period(s), a student who has established satisfactory progress according to the SAP may apply to the College to return to a regular student status and reinstate their eligibility for FSA. A meeting will be scheduled between the Program Director and/or Chief Academic Director and the student applying for re-establishment to determine if the student has the academic ability and desire to successfully continue in the program. If reinstated, the student will be placed on Warning for one term/payment period and will regain eligibility for FSA.

Extended Enrollment Status

Permission to stay in the program may be granted on the conditions that a) the student has employment as the primary goal for continuing in the program; b) the instructor(s) of the course(s) in which the student is enrolled agree to allow the student to continue as a non-regular student; c) the student makes every effort to participate in and benefit from the program and does not demonstrate behavioral, tardiness, or absence problems; d) the student's performance in the program is not so poor or his/her work so behind that continuation as a non-regular student is futile. Designated program personnel will provide a written plan of

action for each student placed on Extended Enrollment Status. Credits attempted during the extended enrollment status will count towards the 1.5 times of normal program length.

When appropriate, students whose academic deficiencies require other types of course work and remediation not offered at NLEI shall receive referrals from the institution.

A student is allowed to remain in Extended Enrollment Status for a maximum of one term, i.e. one quarter. When the student is reinstated to regular student status, he/she will be placed on probation for one quarter.

During the probationary period, academic progress will be closely monitored. Before the student is returned to regular status, the institution, in order to determine if the student has the desire; the academic ability to progress satisfactorily in the program; and has met the qualitative and quantitative components of the standards of satisfactory progress, will conduct an academic evaluation.

While on status as a non-regular student, the student is not eligible for federal student aid and may be charged tuition and fees. In addition, as a non-regular student, the student may be eligible for a refund of the tuition and fees previously paid as a regular student.

Policy for Re-Entry of Withdrawn Students

In order to re-enter National Latino Education Institute, the student must contact NLEI and request to apply for re-admission. The request may be initiated by a phone call or visit to NLEI. Upon receipt of the request, the student's enrollment status will be reviewed to determine his/her eligibility to re-enter. The enrollment status will be based upon NLEI's standards of academic progress and in accordance with the College's good conduct and financial good standing policies. The Student Finance Office must verify at the time of re-entry that the student is in good standing with the Department of Education and all federal funding sources. All students must meet the enrollment requirements. Students may re-enter a maximum of three times after withdrawal prior to graduation from a program.

Transferring in and Out of Programs

Students who have enrolled in a vocational program may request that NLEI allow them to transfer to another vocational program. This request must be made in writing to the Department Head and include a specified reason for the request. Should the request for transfer be granted, NLEI will include in the determination of a student's satisfactory academic progress standing the credits attempted and grades earned that count toward the student's new program of study. To obtain information regarding transfer from one vocational program to another, the student may contact the Department Head at (773) 247-0707.

Graduation Requirements

A certificate is awarded upon successful completion of vocational training programs. The requirements for graduation are as follows:

1. A minimum cumulative grade point average of 2.0 is required by the end of training.
2. Students must achieve a passing grade in each of the courses and must have completed all courses required in each respective program.
3. Achievement of minimum competencies specified for each course/program. Among the competencies are minimum typing NWPM and/or ten-key keystrokes per hour, etc. (See Course Syllabi).
4. An encumbered student is one who owes any money to NLEI. Encumbered students will not be permitted to graduate and will not be entitled to receive a certificate until their indebtedness has been paid. A student is financially obligated until their account with NLEI has been paid in full.

5. An employment portfolio including resume and mock interview summaries, etc. are required for the BMA and MOS programs.
6. Students in the BMA and MOS programs are expected to take a post placement test toward the end of the program/course.

Transcripts

Students may obtain official transcripts by submitting a written request to:

National Latino Education Institute
Records Office
2011 W. Pershing Road
Chicago, IL 60609

NLEI will mail transcripts to the address specified in the written request. Each NLEI graduate student is entitled to one free transcript if the student is in good financial standing. A fee of \$5 will be charged for each additional set of transcripts. Students/alumni may also pick up transcripts in person. Same day in-person requests are \$20.00 per transcript.

FINANCIAL AID INFORMATION

Financial aid is available in three major types:

- Grants. These are known as “gift aid” which does not have to be paid back.
- Work Study. These are employment programs which allow the student to work to earn money to help pay for college expenses.
- Student Loans. These allow students to borrow money to help pay for college expenses. Loans are required to be paid back.

A copy of the full description of available financial assistance is available upon request by contacting the Financial Aid Office.

SFA – General Consumer Information

To be eligible for financial aid, a student must

1. be enrolled as a regular student in an eligible program of study on at least a half-time basis (with the exception of Pell, FSEOG, and FWS);
2. have a high school diploma or the equivalent;
3. be a U.S. citizen or national or an eligible non-citizen; verification of eligible non-citizen status may be required;
4. have financial need (except for some loan programs) as determined by a need analysis system approved by the Department of Education;
5. maintain satisfactory academic progress;

6. provide required documentation for the verification process and determination of dependency status;
7. have a valid Social Security Number;
8. have borrowed less than the total aggregate loan limits for the Title IV financial aid programs;
9. be registered for the Selective Service, if required; and
10. sign an updated Statement of Educational Purpose/Certification Statement.

Application

To apply for financial aid, a student must complete a standard application such as the Free Application for Federal Student Aid ([FAFSA](#)). The application must be completed with extreme care and accuracy. Our Student Finance Office is available to assist students in the completion of this form and to answer any questions. FAFSA is used to determine eligibility for all types of financial aid programs. Once processed, the application will produce an Expected Family Contribution (EFC) which determines eligibility.

Financial aid from federal programs is not guaranteed from one year to the next. Each student must re-apply every year. Also, if students change colleges, their aid does not automatically go with them. Students should check with their new colleges to determine the appropriate procedures for re-applying for financial aid.

Tuition Payment

Students who are not fully supported by grants or loans or other forms of financial aid may make tuition payments using cash and/or credit cards. Tuition may be paid in a lump sum or a monthly payment plan may be set up with the Business Office. Students are required to be in good financial standing prior to beginning externship.

Financial Aid Programs

NLEI is eligible to participate in Title IV Financial Aid programs (U.S. Department of Education) for eligible students. NLEI receives substantial support for its operations through public funding to provide educational programs and job placement services at no cost to those applicants who meet income and other eligibility requirements as set forth by funders. NLEI currently utilizes the following sources of financial aid in assisting its students:

1. The Workforce Innovation Opportunity Act (WIOA) Individual Training Account (ITA) Voucher enables students to participate by sponsoring eligible students for up to the full amount of the program cost. ITA Voucher-sponsored students must meet federal guidelines and are certified eligible prior to enrollment.
2. The Federal Pell Grant Program is a need-based award to help students pay for their education after high school. A student may qualify for a full or partial Pell Grant. A Federal Pell Grant does not have to be paid back.
3. The Federal Supplemental Educational Opportunity Grant (SEOG) is for students with exceptional financial need and gives priority to students who receive Federal Pell Grants. Like the Pell Grant, the SEOG Grant does not have to be paid back. SEOG grants, unlike Pell grants, are not guaranteed for every eligible student; awards are made based on availability of funds provided by the Department of Education.

4. The Illinois Community College Board disperses federal and state adult education funding based on annual appropriations. These agency funds allow for the provision of educational services to a predetermined number of students in the adult basic education and English as a Second Language programs.
5. Federal Work-Study Program. This program helps students eligible to receive financial aid to earn part of their college expenses by working part-time on or off campus while they are attending college. All work-study awards are based on financial need and availability of funds provided by the Department of Education.
6. William D. Ford Federal Direct Loan (DL)-Federal Student Loans. This program helps students pay for their education after high school by allowing them to borrow money for their college expenses while they are

attending college. Students are expected to pay back the total amount of the student loan plus interest once they have stopped attending college.

7. The Montgomery GI Bill program, sometimes known as Chapter 30, provides education benefits to Veterans and Service members who have at least two years of active duty. The amount of assistance varies depending on the GI Bill program you are utilizing. Benefits are generally payable for 10 years following release from honorable active service.

Students will be informed of any changes to the above programs and if any additional financial aid programs become available. For more information on the above financial aid programs, contact the Business Office at (773)247-0707.

Clock-to-Credit Hour Conversion for Federal Title IV Funding

NLEI complies with all federal requirements for determining student Title IV eligibility.

Entrance and Exit Interview Loan Advising

The Department of Education requires that any student receiving a Federal Family Educational Loan, or a Federal Direct Student Loan be notified concerning his/her loan. NLEI advises each student regarding loan indebtedness and gives each student an entrance test and an exit interview regarding the loan to make sure the student understands the amount borrowed and the student's rights and responsibilities regarding repayment.

The student should report to the Student Finance Office prior to withdrawal or graduation for loan advising. The purpose of this session is to inform the student of his/her tentative total loans received while in attendance at NLEI, refunds that may be made, and to provide the student with an estimated payment schedule. Students who have received federal loans at NLEI will be sent an email upon withdrawal or graduation containing the link to the NSLDS exit counseling website.

Order of Return of SFA Program Funds

Title IV funds credited to outstanding loan balances for the payment period or period of enrollment for which a return of funds is required must be returned in the following order:

1. Unsubsidized Direct Stafford loans (other than PLUS loans)
2. Subsidized Direct Stafford loans
3. Federal Perkins Loan Program
4. Federal PLUS loans
5. Federal Direct PLUS loans

If funds remain after repaying all loan amounts, those remaining funds must be credited in the following order:

1. Federal Pell Grants for the payment period for which a return of funds is required
2. Federal Supplemental Educational Opportunity Grant (FSEOG) for which a return of funds is required
3. Other assistance for which a return is required

Students will be notified via email to access the Student Portal for information concerning both federal and institutional refund calculations. The information will include all federal funding received during the payment period in which they withdrew and any refunds to the Department of Education or due to the student. Refunds to any of the Title IV or State programs will be paid within 30 days from the date of determination.

Return of Title IV Funds

All institutions participating in the SFA Programs are required to use a statutory schedule to determine the amount of SFA Program funds a student has earned when he or she ceases attendance based on the period the student was in attendance.

The Higher Education Amendments of 1998, in general, require that if a recipient of SFA Program assistance withdraws from a school during a payment period or a period of enrollment in which the recipient began attendance, the school must calculate the amount of SFA Program assistance the student did not earn and those funds must be returned. Up through the 60 percent point in each payment period or period of enrollment, a pro rata schedule is used to determine how much SFA Program funds the student has earned at the time of withdrawal. After the 60 percent point in the payment period or period of enrollment, a student has earned 100 percent of the SFA Program funds. If the amount disbursed to the student is less than the amount the student earned and for which the student is otherwise eligible, the student is eligible to receive a post-withdrawal disbursement of the earned aid that was not received.

The percentage of the payment period or period of enrollment completed is the total number of calendar weeks in the payment period or period of enrollment for which the assistance is awarded divided into the number of calendar weeks in that period as of the day the student withdrew.

$$\frac{\text{Number of Weeks Scheduled to Last Day of Attendance}}{\text{Weeks in Period}} = \text{Percentage Completed}$$

Percentage Completed (rounding the third decimal place up if the fourth decimal place is 5 or above)

NOTE: Scheduled breaks of at least five consecutive days are excluded from the total number of calendar days in a payment period of enrollment (denominator) and the number of calendar days completed in that period (numerator). The day the student withdrew is counted as a completed day.
